### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Elise R. Heilbrunn on 8/4/05.

The application has been amended as follows:

Upon further consideration the restriction requirement made in the previous Office Action mailed on 11/29/04, has been withdrawn regarding claim 26.

Claims 27-40 have been cancelled. These claims were non-elected with traverse in the response to the restriction requirement filed on 9/14/04.

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: On figure 5, reference numbers "408" and "410" should be "508" and "510", respectively. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

The following is an examiner's statement of reasons for allowance:

The closest prior art of record, Fulford, Jr. et al., US Patent 6,008,109, fails to show the following steps:

Pertaining to independent claim 1, "...the upper and lower dielectric layers together have an effective dielectric constant that is less than that of silicon dioxide."

Art Unit: 2812

Pertaining to independent claim 26, "selecting a range of one or more effective dielectric constants that correspond to thicknesses of both the lower dielectric material and the upper dielectric material;"

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stanetta D. Isaac whose telephone number is 571-272-1671. The examiner can normally be reached on Monday-Friday 9:30am -6:30pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Lebentritt can be reached on 571-272-1873. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system.
